*Attorneys for Defendant McAfee, Inc.*

**UNITED STATES DISTRICT COURT**

**NORTHERN DISTRICT OF CALIFORNIA**

SAMANTHA KIRBY, individually and on behalf  
of all others similarly situated,

Plaintiff,

v.

McAfee, Inc., a Delaware corporation  
headquartered in California,

Defendant.

Case No. 5:14-cv-02475-EJD

**JOINT CASE MANAGEMENT STATEMENT  
AND RULE 26(f) REPORT**

Date:  
Time: 10:00 a.m.  
Courtroom:

Action Filed: May 29, 2014  
Trial date: None set

Hon. Edward J. Davila, presiding

1 **I. INTRODUCTION**

2 Plaintiff Samantha Kirby (“Plaintiff”) and Defendant McAfee Inc. (“McAfee”) respectfully  
3 submit this Joint Case Management Statement and Discovery Plan pursuant to Federal Rules of Civil  
4 Procedure 26(f) and 16(b), Civil L. R. 16-10, and the Standing Order for All Judges of the Northern  
5 District of California.

6 **II. JURISDICTION AND SERVICE**

7 Plaintiff contends that this Court has subject matter jurisdiction over this proposed class action,  
8 pursuant to the Class Action Fairness Act, 28 U.S.C. § 1332(d). McAfee does not contest personal  
9 jurisdiction. McAfee has been served.

10 **III. FACTS**

11 **A. Plaintiff’s Contentions:**

12 Plaintiff, on behalf of herself and all others similarly situated, alleges that Defendant McAfee  
13 was involved in the following unlawful and unfair practices: (1) auto-renewing consumer  
14 subscriptions for its McAfee antivirus software without getting its customers’ affirmative consent to  
15 auto renew its antivirus software at the higher renewal rate (by disclosing the actual renewal price),  
16 which is sometimes 60% higher than the initial sign up price; (2) charging prices upon auto-renewal  
17 that are higher than those originally charged to first time subscribers, without clear and conspicuous  
18 notice to the consumers that the auto renewal rate is always higher than the initial sign up rate or  
19 manual sign-up renewal rate; (3) auto-renewing consumer subscriptions for its McAfee antivirus  
20 software (when McAfee’s customers have not provided current or updated credit/debit card  
21 information) by obtaining new credit/debit card information from the credit/debit card companies and  
22 then charging auto-renewal fees without consumers’ consent to the antivirus software renewal or to  
23 use their new credit card information.

24 **B. Defendant’s Contentions:**

25 Plaintiff’s statement of facts ignores (1) that Plaintiff entered into an agreement (the End User  
26 License Agreement or EULA) with McAfee that plainly provided for automatic renewal of her  
27 subscription, while affording her the right at any time to opt out of that automatic renewal; (2) the  
28 many other disclosures regarding auto-renewal that were afforded to her before she purchased her

subscription; (3) that her agreement with McAfee provided plainly that while she received a discount for her initial subscription, her auto-renewal would be processed at a charge no greater than McAfee's then-current price "excluding promotional and discount pricing"; (4) that (as was disclosed in the EULA) she received an email notification in advance of her auto-renewal, informing her of her upcoming auto-renewal, disclosing the exact price that she would be charged for that auto-renewal, and notifying her both of the option of manual renewal rather than auto-renewal and of her right to a full refund up to sixty days after she was charged if she did not want to renew; and (5) that she agreed that as long as she participated in auto-renewal, she had an obligation under the EULA to keep her account information updated; based on the allegations in the Complaint, she apparently may have done so through a separate agreement with her card issuing bank that provided for her consent to routine card updating programs operated in connection with subscription-based services.

#### IV. LEGAL ISSUES

##### A. Plaintiff's Contentions:

Based on her allegations concerning Defendant McAfee was involved in the following unlawful and unfair practices related to auto-renewing consumers' subscription for its antivirus software, Plaintiff asserts claims for: (1) Violation of the California Consumers Legal Remedies Act, Cal. Civ. Code § 1750, et seq.; (2) Violations of the California Unfair Competition Law, Cal. Bus. & Prof. Code § 17200, et seq.; (3) Violations of the California Automatic Renewal Law, Cal. Bus. & Prof. Code §§ 17600 - 17604; (4) Common Law Money Had and Received; and (5) Unjust Enrichment.

Plaintiff will seek certification of the Class pursuant to Federal Rule of Civil Procedure 23(b)(3) and/or (b)(2), and will seek to be appointed Class Representative and to have her counsel appointed Class Counsel.

##### B. Defendant's Contentions:

McAfee intends to file a motion to dismiss all counts of the complaint with prejudice. In the event the motion is denied in whole or in part, McAfee intends to demonstrate that Plaintiff is entitled to no relief, and that Plaintiff cannot represent other persons in this action.

#### V. MOTIONS

**A. Motion to Dismiss**

McAfee intends to file a motion to dismiss all counts of the complaint with prejudice.

**B. Motion to Certify**

Plaintiff anticipates filing a motion to certify the putative Classes, and has proposed a schedule below. McAfee will oppose the motion for class certification.

**C. Motion for Summary Judgment**

Should the Court deny McAfee's motion to dismiss, McAfee intends to move for summary judgment; other motions (such as discovery motion practice, Daubert motions, etc.) are possible depending on developments of this matter.

**VI. AMENDMENT OF PLEADINGS**

Depending on information to be revealed through initial disclosures and discovery, Plaintiff believes additional amendments may be required. Plaintiff and absent members of the Class reserve certain rights relating to the addition and substitution of class representatives.

Plaintiff's counsel will confer with counsel in the related case of *Williamson v. McAfee, Inc.*, 5:14-cv-00158-EJD about filing a consolidated complaint.

McAfee reserves all rights to oppose any proposed amendment.

**VII. EVIDENCE PRESERVATION**

Plaintiff's counsel has sent a preservation notice to Samantha Kirby.

McAfee has taken appropriate steps to preserve evidence.

The parties have reviewed the ESI Guidelines and Checklist, and complied with all requirements. The parties have met and conferred pursuant to Rule 26(f) and the ESI Guidelines and Checklist regarding steps to preserve potentially relevant evidence.

**VIII. DISCLOSURES**

The parties will exchange initial disclosures on or before July 25, 2014.

1 **IX. DISCOVERY**

2 **A. The Anticipated Scope of Discovery**

3 The parties agree to prioritize discovery for the anticipated class certification motion. The  
4 parties will work together in good-faith to determine which documents will be needed for the class  
5 certification motion, and will first focus the discovery efforts on issues relevant to class certification.

6 The parties also agreed not to bifurcate merit-based discovery on the underlying claims and  
7 discovery as it relates to the elements of Federal Rule of Civil Procedure 23 and whether a class may  
8 be properly certified.

9 McAfee submits that discovery should not commence until and unless warranted following  
10 resolution of its potentially dispositive motion to dismiss the Complaint in its entirety. Plaintiff  
11 contends discovery should not be delayed.

12 **B. Electronically Stored Information**

13 Plaintiff's Position:

14 Plaintiff plans to request that Defendant McAfee provide the ESI-related information referred  
15 to in Rule 26(f), the Court's Checklist for Rule 26(f) Meet and Confer Regarding Electronically Stored  
16 Information, and ESI Guideline 2.02, including the following general information: (1) a description of  
17 systems in which potentially discoverable information is stored; (2) a list of potentially relevant  
18 witnesses and ESI custodians, including each person's name, job title(s), description of job role(s),  
19 time period during which the person held the job title(s), current employer, and if not currently  
20 employed by Defendant, the person's current contact information if known; and (3) any code words,  
21 nicknames and shorthand reference for relevant issues or facts in the case reasonably needed to  
22 develop appropriate keywords or phrases for culling ESI. This information is useful and necessary to  
23 develop an appropriate plan for the production of ESI, and may enable the Parties to prioritize the  
24 production of ESI given the importance of specific subsets relative to the stage of litigation and the  
25 burden of production.

26 Defendant's Position:

27 McAfee anticipates that discovery in this matter will predominantly come from McAfee, and  
28 will work in good faith with Plaintiff to determine the reasonable and proportionate scope of such

1 discovery consistent with the federal rules, the local rules, and the local discovery guidelines. McAfee  
2 anticipates deposing Plaintiff regarding, *inter alia*, the facts and circumstances of her subscriptions to  
3 McAfee software and her purported adequacy as a representative of the putative classes. McAfee  
4 reserves the right to seek additional discovery.

5 **C. Privilege Issues**

6 The parties anticipate they will agree upon and submit to the court a proposed stipulated  
7 protective order that will apply to confidential information produced in discovery.

8 **D. Changes to the Limitations on Discovery Imposed by the Federal Rules of Civil**  
9 **Procedure**

10 Without prejudice to its ability to seek leave from applicable rules, at this stage Plaintiff does  
11 not request changes to the limitations on discovery imposed under the federal or local rules.

12 McAfee does not seek to limit the numbers of interrogatories or depositions beyond the  
13 presumptive limitations in the federal and local rules. McAfee will cooperate with Plaintiff in good  
14 faith on all discovery issues but reserves the right to seek limitations on discovery consistent with the  
15 principles in the federal and local rules, should such limitations be warranted.

16 **X. CLASS ACTIONS**

17 The parties propose that, consistent with the position taken by all parties in the related case  
18 *Williamson v. McAfee, Inc.*, N.D. Cal. Case No. 5:14-CV-00158-EJD, a schedule for class certification  
19 should be set following resolution of McAfee's contemplated motion to dismiss in this case.

20 **XI. RELATED CASES**

21 A related case entitled *Williamson v. McAfee, Inc.*, 5:14-CV-00158-EJD is pending in the  
22 Northern District of California. On July 1, 2014, this case was related to the *Williamson* case and  
23 transferred to this Court.

24 **XII. RELIEF**

25 Plaintiff seeks the following relief through the complaint: (a) an order certifying this case as a  
26 class action and appointing Plaintiff and her counsel to represent the Class; (b) equitable monetary  
27 relief including individual restitution to Plaintiff and each member of the Class; (c) actual, statutory,  
28 and punitive damages; (d) an order requiring Defendant to immediately cease its wrongful conduct and

1 to remedy that conduct, including by way of a corrective advertising campaign; (e) reasonable  
 2 attorneys' fees and the costs of this action; (f) statutory pre-judgment interest; and (g) such other relief  
 3 as this Court may deem just and proper. The computation of restitution or damages cannot be  
 4 determined until the information is obtained from Defendant and possibly third parties.

5 McAfee believes that Plaintiff is entitled to no relief. McAfee also believes that Plaintiff  
 6 cannot proceed as a representative of others.

### 7 **XIII. SETTLEMENT AND ADR**

8 The parties have agreed to pursue private mediation by December 5, 2014 (Docket No. 21).

### 9 **XIV. CONSENT TO MAGISTRATE JUDGE FOR ALL PURPOSES**

10 This case originally was assigned to Magistrate Judge Howard R. Lloyd, and was reassigned to  
 11 this Court in an Order relating this case to the previously filed *Williamson v. McAfee, Inc.*,  
 12 5:14-CV-00158-EJD.

### 13 **XV. OTHER REFERENCES**

14 The parties agree that this case is not suitable for reference to binding arbitration or a special  
 15 master.

### 16 **XVI. NARROWING OF ISSUES**

17 After adequate discovery has been conducted, including concerning issues related to class  
 18 certification, the parties will be in a better position to determine, if necessary, whether issues can be  
 19 narrowed by agreement or by other motion.

### 20 **XVII. EXPEDITED SCHEDULE**

21 The parties do not believe an expedited schedule is appropriate for this case.

### 22 **XVIII. SCHEDULING**

23 As noted above, the parties propose that, consistent with the position taken by all parties in  
 24 *Williamson*, a schedule for class certification should be set following resolution of McAfee's  
 25 contemplated motion to dismiss in this case.

26 McAfee notes that any proposed amendment of the complaint also could affect the schedule for  
 27 this case. In the event the Court does not grant McAfee's motion to dismiss all counts of the  
 28 Complaint with prejudice, McAfee will work cooperatively with Plaintiff on a reasonable scope of

discovery, and proposes that the Court set briefing on class certification for nine months after McAfee files an answer. McAfee submits that discovery should not commence until and unless warranted following resolution of its potentially dispositive motion to dismiss.

Plaintiff maintains that discovery should proceed in accordance with the Federal Rules of Civil Procedure, and notes that the effective stay on discovery requested by Defendant will only further delay the class certification schedule and eventual resolution of this matter. There is no reason basic written discovery cannot proceed now.

#### **XIX. TRIAL**

Plaintiff has demanded a jury trial on her claims that are triable by a jury. Plaintiff expects trial may last two weeks. McAfee believes that it is premature to estimate the length of trial at this time.

#### **XX. DISCLOSURE OF NON-PARTY INTERESTED ENTITIES OR PERSONS**

McAfee filed a Certification of Interested Entities on June 11, 2014. At this time, Plaintiff knows of no such interested entity or persons other than the named Parties in this action and in Defendant's certification.

Respectfully submitted,

Dated: July 25, 2014
